

CALIFORNIA TAHOE CONSERVANCY

Proposition 1 Grant Announcement

2015

Submit project for CCC Consultation by: Sept. 25, 2015

Grant Applications Due: October 9, 2015

The California Tahoe Conservancy (Conservancy) announces to the Lake Tahoe Basin the availability of funding through its Proposition 1 Grant Program. The *Water Quality, Supply, and Infrastructure Improvement Act of 2014* allocated funding to the Conservancy for a competitive grants program supporting multi-benefit ecosystem and watershed protection and restoration projects. The Conservancy will base grant awards to high priority projects consistent with its Proposition 1 Grant Guidelines and considering the extent of competing demands for funding.

Up to \$14 million is available for award. Projects awarded funding must be able to enter into an agreement with the Conservancy no later than **XXXXXX**, 2016.

TYPES OF GRANTS: Planning, Implementation, Acquisition, and Monitoring

TYPES OF PROJECTS: Multi-benefit Stormwater Quality, Ecosystem and Watershed Management, Aquatic Invasive Species, Forest Health, and/or Sustainable Communities projects.

WORKSHOPS: To assist potential applicants, the Conservancy will hold two workshops:

South Lake Tahoe: **JULY 28, 2015** (where/when)

North Lake Tahoe: **JULY 29, 2015** (where/when)

APPLICANT ELIGIBILITY:

- Public agencies, including cities, counties, special districts, joint powers authorities, state agencies or departments, or other political subdivisions of the State of CA;
- Federally-recognized Indian tribes; and
- Eligible nonprofit organizations whose principal charitable purposes include the preservation of land for scientific, historic, educational, recreational, scenic, or open-space opportunities, or protection of the natural environment or preservation or enhancement of wildlife (Government Code section 66905.9).
